## HORIZON SCANNING IN VETERINARY EPIDEMIOLOGY GENERAL: CLIMATE, CURRENCY, ...

### AVERAGE CLIMATE DATA FOR LIEGE

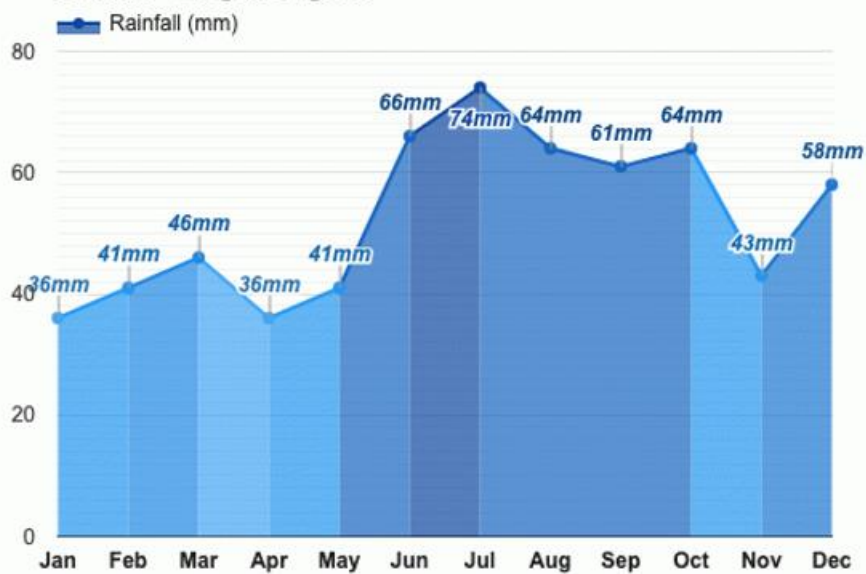

In April, Liège fully embraces spring. A remarkable rise from March chill, April sees temperatures around 14°C. The city typically sees fewer rainfall days in April compared to March, which bodes well for outdoor activities. Pleasant weather conditions, coupled with extended daylight hours and moderate UV index levels, make this time ideal for outdoor excursions.

### ADDITIONAL INFORMATION

- Belgium uses the Euro as a national currency. Credit cards are widely used and accepted in Belgium, VISA or MasterCard will be accepted in most outlets.
- Tipping is not common in Belgium. However, if you are very happy with the service you got, leaving a few Euros (or to round up your bill) as a tip is the way forward (5-10% tops).
- Tap water is drinkable.
- Belgium operates on a 230V supply voltage and 50Hz. For Belgium, there are two associated plug types, types C (two round pins) and E (two round pins and a hole for the socket male earthing pin).
