Car Park

The Castle car park can accommodate up to 150 cars. Harmoniously curved, it is perfectly integrated into the environment without spoiling it. In springtime, it is wonderfully coloured by cherry trees in blossom.

The car park is about 50 meters from Colonster Castle. Access to the path is normally reserved for suppliers and people with reduced mobility.

Access for People with Reduced Mobility

People with reduced mobility (PRM) can announce themselves at the terminal located at the barrier. The entrance of Colonster Castle has three successive 9-cm steps and a 15-cm doorstep. Inside the Castle, all meeting and reception rooms are accessible by lift (1 m x 80 cm; door opening: 80 cm). The PRM toilets are located on the 1st floor.
